Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Notice of Noncompliant Amendment mailed on August 10, 2006, Applicant submits the following Response to Notice of Noncompliant Amendment.

In the Response to Restriction Requirement mailed May 16, 2006, Applicant elected Species IV, drawn to an interferometric modulator display embodiment comprising a motor vehicle, and identified Claims 55-58, 64-67, and 70-71 as generic. In response, the Examiner has requested that Applicant identify which pending claims are specifically drawn to Species IV.

Applicant submits that Claim 62 is also readable upon Species IV, and that by this identification, all pending claims in the present application have been accounted for. Applicant submits that the application is now in condition for examination on the merits.

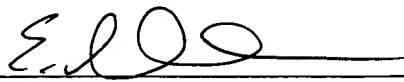

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.
